Professional Summary

Computer Science Engineering student with strong knowledge of Java, Data Structures and Algorithms, Object-Oriented Programming, and Full Stack Development. Passionate about problem-solving and building scalable software solutions. Seeking Software Developer and Java Developer opportunities.

Education

B.E. Computer Science and Engineering
Hindusthan Institute of Technology, Coimbatore

Expected: 2027

CGPA:8.23

Technical Skills

Languages: Java, JavaScript, Python

Core Subjects: Data Structures and Algorithms, OOP, DBMS

Frontend: HTML, CSS, Bootstrap, React.js

Backend: Node.js, Express.js,

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code

DSA: Arrays, Strings, Linked Lists, Stacks, Queues, Trees, Hashing, Dynamic Programming

Projects

Smart Grievance Management System

React.js, Node.js, Express.js, MongoDB

- Developed a full-stack web application to streamline complaint registration, tracking, and resolution processes.
- Designed responsive user interfaces using React.js and implemented secure REST APIs using Node.js and Express.js.
- Integrated MongoDB for storing complaint details and user information.
- Implemented geotagged image upload and real-time complaint status tracking features.

URL Shortener Application

Java, Spring Boot, MySQL

- Developed a backend application to convert long URLs into short, shareable links.
- Designed and implemented REST APIs for URL creation and redirection.
- Integrated MySQL for storing URL mappings and maintaining click statistics.
- Applied Object-Oriented Programming principles and optimized database queries.

Internship

Python for Data Science Intern

Appin Technology, Coimbatore

- Worked with Pandas and NumPy for data cleaning and exploratory data analysis.
- Created visualizations using Matplotlib to present insights effectively.
- Developed mini-projects involving data preprocessing and statistical analysis.

Certifications

- NPTEL Certification in Programming in Java
- Full Stack Development Course – Novitech
- Infosys Springboard Certification in JavaScript
- NPTEL Certification in Python for Data Science

Achievements

- Solved 110+ coding problems using Java and Data Structures.
- Strong foundation in Data Structures and Algorithms.
- Active learner in Software Development and Problem Solving.
